Adair Express Diagrams and Procedures
Manuals - Produced on your site!!

Adair Evacuation's express service - when
you need evacuation procedures and
equipment/exit diagrams and you need them
- Urgently!!

Adair will send out a specialist DTP
draftsperson to your site and undertake all
works. Our specialist will remain on site until
all evacuation posters and manuals have
been prepared and produced.

This service not only guarantees an express
service but also benefits from the client's
direct input and can be tailored or adapted
on the fly to ensure the final product is
the most accurate and suitable for each
application.

This is all part of Adair's service to ensure
your site's total compliance at minimal effort
for you and your business.
